

UCI SKIN: A Skin Biology Resource Center | Distinguished Speakers Series
All Lectures 11:00am - 12:00pm • Zoom Meeting or Gross Hall, Thorp Conference Center 4000

	Speaker	Topic	Date
	Bryan Sun, MD, PhD University of California, San Diego Department of Dermatology	“Skin Diseases and the Noncoding Genome”	Oct. 29, 2021
	Xiaomin Bao, PhD Northwestern University Department of Molecular Biosciences Department of Dermatology	“Epidermal differentiation – exploring gene regulatory mechanisms post transcriptions initiation”	Nov. 19, 2021
	Ryan Driskell, PhD Washington State University School of Molecular Biosciences	“Manipulating the states and fates of dermal fibroblasts during skin development to support regeneration in adult skin wounds”	Dec. 3, 2021
	Bill Lowry, PhD University of California, LA Molecular Biology Institute	“Manipulation of metabolism to regulate follicle stem cells”	Jan. 19, 2022
	5th Annual Skin Symposium	“New Research Approaches to Skin Biology and Disease”	Jan. 21, 2022
	Peggy Myung, MD, PhD Yale University Department of Dermatology and Pathology	“Decomposing a deterministic path to mesenchymal niche formation: the intersection of two morphogen gradients”	Feb. 25, 2022

	Speaker	Topic	Date
	Doina Tumber, PhD Cornell University Department of Molecular Biology and Genetics	“Defining the heterogeneity of epidermal lineage organization in adult skin”	Mar. 24, 2022
	Elaine Fuchs, PhD Rockefeller University Howard Hughes Medical Institute	TBA	Apr. 27, 2022
	Angel Byrd, BS, MD, PhD Howard University Department of Dermatology	TBA	May. 27, 2022
	Michael Rendl, MD Icahn School of Medicine at Mount Sinai Department of Dermatology and Cell, Development & Regenerative Biology	TBA	June 3, 2022
