

4th Annual Skin Symposium

Interdisciplinary Approaches to Skin Biology and Disease

ITINERARY

8:30AM - 9:05AM **Introduction by UCI Skin Biology Leadership**

9:05AM - 9:50AM **Martin Steinhoff, MD, PhD**
Molecular mechanisms of itch and neuroinflammation in atopic dermatitis

9:50AM - 10:35AM **Fiona Watt, DPhil**
Exploring skin cell heterogeneity

10:35AM - 10:50AM **Break**

10:50AM - 11:35AM **Sabine Werner, PhD**
Parallels between tissue repair and cancer: The fibroblast perspective

11:35AM - 12:20PM **Alex Shalek, PhD**
Identifying And Rationally Modulating Cellular Drivers Of Enhanced and Diminished Immunity

12:20PM - 1:20PM **Break**

1:20PM - 2:05PM **Leonard Zon, MD**
Changing melanoma cell fate through transcriptional control

2:05PM - 2:50PM **Diana Bautista, PhD**
Neuroimmune interactions in Atopic Itch

2:50PM - 3:05PM **Break**

3:05PM - 3:50PM **Daniel Kaplan, MD, PhD**
Neuronal control of cutaneous inflammation

3:50PM - 4:35PM **Ethan Lerner, MD, PhD**
Is it the itch that rashes or the rash that itches?

April 16, 2021
8:30am - 4:35pm

Virtual Seminar

UCI SKIN

A Skin Biology Resource Center

4th Annual Skin Symposium

Interdisciplinary Approaches to Skin Biology and Disease

FEATURED SPEAKERS

Alex Shalek, PhD
Massachusetts Institute of
Technology

Leonard Zon, MD
Harvard Medical School

Fiona Watt, DPhil
King's College London

Sabine Werner, PhD
ETH Zurich

Daniel Kaplan, MD, PhD
University of Pittsburgh

Diana Bautista, PhD
UC Berkeley

Ethan Lerner, MD, PhD
Massachusetts General
Hospital

Martin Steinhoff, MD, PhD
Hamad Medical Corporation
Weill Cornell University

April 16, 2021
8:30am - 4:35pm

Virtual Seminar
