

## Quy Nguyen, PhD

**Quy Nguyen, PhD**  
[quyhn@uci.edu](mailto:quyhn@uci.edu)

Quy received his Ph.D. in Biomedical Sciences from the University of California, Irvine. His PhD work focused on identifying and characterizing the spectrum of heterogeneity within the breast epithelium on the single-cell level to elucidate the changes that occur during breast cancer initiation and progression. He is now a project scientist at UCI Genomics Research and Technology Hub. Where he works on implementing new technology for the campus, in particular single-cell and spatial platforms.
